SOURCE Souria /pro-Communist/.EDITORIAL ACCUSES USA OF EXPLOITING YUGOSLAVIA

Vahe

The fact that the US and Great Britain took immediate steps to satisfy Italy's demands on Trieste proves that the West still does not trust Yugoslavia. Although they have poured millions of dollars into Yugoslavia, Tito's insistent claim that his country is still a Communist country forces the Western powers to distrust him. They still doubt his sincerity and suspect that he is playing a diplomatic game.

Tito does not seem to realize that the word Communism sounds strange and hostile to the West. If the Western powers really wished to cooperate with the Communists, they would bypass Tito and cooperate with the USSR in which event the world would be spared a third world war.

The Western powers have proved that their interest in Yugoslavia has one purpose only: "To exploit that country, by pouring millions of dollars into it in order to use it as a military base in case of war."
